

Version 4.00.02:

What's New:

- Added Report Criteria to Daily Flow Reports. Now able to filter by meter as well as plant and meter owner. (See Below)
- Added Data Export feature on all reports. (See Below)
- Enhanced Grinder Pump Indicator.
- Moved Inspection Date to Tap Permit Window. (See Below)
- Enhanced consumption File load, if read dates are empty, use service dates from billing.

New Flow Report Criteria:

1. Daily Flow and Daily Rain Reports will have addition criteria to populate reports.
2. Open report and select 'Flow Meter Owner'. This will trigger the meter Ids to populate based on this field.

3. Select one or more of the meters to filter the report. Select none to include them all.

Data Export on Reports:

1. Retrieve report . Go to menu item Action → Export Report Data.

Ready

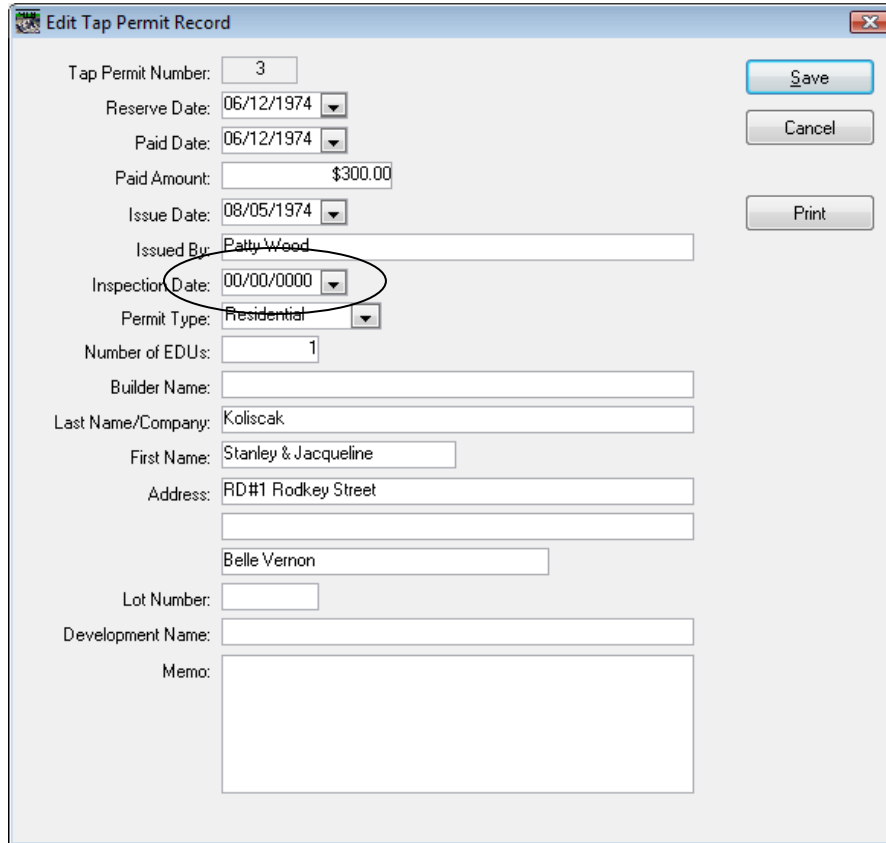

2. A popup will display asking where to save the file, what to name the file, and what format to save the file in:

3. You will have options such as Excel, PDF, CSV, Text and many others. Make your selection and fill in the criteria to save the export file.

Inspection Date on Tap Permits Windows:

1. Open the Tap Permit Module. Inspection date has been added to the listing and search filter for the listing.
2. To edit the inspection date, double-click or right-click to edit record as always.
3. Select or enter the inspection date:

The screenshot shows a software window titled "Edit Tap Permit Record". The window contains several input fields and buttons. The "Inspection Date" field, which currently displays "00/00/0000", is circled in red. Other fields include "Tap Permit Number" (3), "Reserve Date" (06/12/1974), "Paid Date" (06/12/1974), "Paid Amount" (\$300.00), "Issue Date" (08/05/1974), "Issued By" (Patty Wood), "Permit Type" (Residential), "Number of EDUs" (1), "Builder Name", "Last Name/Company" (Koliscak), "First Name" (Stanley & Jacqueline), "Address" (RD#1 Rodkey Street), "Lot Number", "Development Name", and "Memo". Buttons for "Save", "Cancel", and "Print" are located on the right side of the window.

4. Click Save.
