

**Version 4.03.00:**

What's New:

- Enhanced flow meter reports
- Added column sorts on tap permit report
- Fixed issue with millions of gallons on flow entry
- Added parent meter functionality to flow meter screens. (See Below)

## Parent Meter:

1. Navigate to the flow meter maintenance screen
2. A new column is available to choose for a meter whose flow runs into another meter

Municipal Consumption Billing (MCB) (4.03.00)
